

DS3231 Experiment

Overview

The module can achieve the clock function, alarm clock function, temperature function. This course teaches you how to use the DS3231 module clock function, the next lesson will teach you how to display the time and temperature on the LCD1602.

Specification

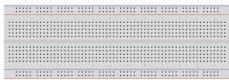

Please view DS3231-datasheet.pdf.

Path: \Public_materials\Datasheet\ DS3231-datasheet.pdf

Pin definition

DS3231	Arduino
32K	-> null
SQW	-> null
SCL	-> A5
SDA	-> A4
VCC	-> 5V
GND	-> GND

Hardware required

Material diagram	Material name	Number
	DS3231	1
	USB Cable	1
	UNO R3	1
	Breadboard	1
	Jumper wires	Several

Connection

Schematic

Connection diagram

Sample code

Note: sample code under the **Sample code** folder

You need to add the DS3231 to the Arduino library file directory, otherwise the compiler does not pass. Please refer to 'How to add library files.docx'.

```
#include <DS3231.h>
#include <Wire.h>
//initialize variable
DS3231 Clock;
boolean Century=false;
boolean h12;
boolean PM;
byte ADay, AHour, AMinute, ASecond, ABits;
boolean ADy, A12h, Apm;
int second,minute,hour,date,month,year,val;
void setup(void)
{
    Wire.begin();
    Serial.begin(115200);
}

void ReadDS3231()
{
    int second,minute,hour,date,month,year,pm;
    second=Clock.getSecond();
    minute=Clock.getMinute();
    hour=Clock.getHour(h12,PM);
    date=Clock.getDate();
    month=Clock.getMonth(Century);
    year=Clock.getYear();
    Serial.print("20");
    Serial.print(year,DEC);
    Serial.print('-');
    Serial.print(month,DEC);
    Serial.print('-');
    Serial.print(date,DEC);
    Serial.print(' ');
    Serial.print(hour,DEC);
    Serial.print(':');
    Serial.print(minute,DEC);
    Serial.print(':');
    Serial.print(second,DEC);
    Serial.print("\n");
}
```

```
void loop()
{
    ReadDS3231();
    delay(150);
}
```

Application effect

Open the serial port monitor, you will be able to see the time displayed on the serial port monitor.

* About Smraza:

* We are a leading manufacturer of electronic components for Arduino and Raspberry Pi.

* Official website: <http://www.smraza.com/>

* We have a professional engineering team dedicated to providing tutorials and support to help you get started.

* If you have any technical questions, please feel free to contact our support staff via email at support@smraza.com

* We truly hope you enjoy the product, for more great products please visit our
